Solo exhibition: **Projections - Internal Latent**

21 November 2015 - 6 January 2016

Opening Night:

Saturday 21st November | 6-8pm

Please join us and Skount to celebrate the opening of his new show.

Artist Statement:

By removing a metaphorical mask and leaving behind hidden feelings, thoughts or desires, a person can try to look for his inner self, but actually just adopt behaviours of people close to him, creating an inner self as a projection of others, erasing his identity as an individual. This series is a surreal study of our latent inner universe and how it interfaces with different situations and individuals.
