## ABOUT THE ARTIST.... SACHA BEVERLEY Solo Show : MAKE A WISH

### ARTIST STATEMENT : MAKE A WISH

Don't we all sometimes dream of finding an enchanted lamp, (like Aladdin did) that would summon a mystical genie to make all our wishes come true, or at least three! Would you make wishes for yourself, your loved ones, or humanity as a whole?

This body of work explores my inner desires, hopes and dreams, through a series of paintings each depicting a different 'wish' I'd like to see granted, not just for myself but for everyone in need. I firstly write words, affirmations, stories and feelings onto the timber related to each idea, then overlay the paint, layer after layer, dripping ink, making marks and developing symbolic imagery that emerges into the artwork and keep painting until I can see and feel the beauty and harmony that exists between the colours, composition and shapes. When the painting is finished, the hidden words and stories are absent from view, but create an extra layer of depth to the work. Rub the magic lamp! What three wishes would you like the Genie to grant you?...then believe that anything is possible.

### BIO

Sacha Beverley is an award winning contemporary artist, qualified interior designer and property stylist from the Gold Coast. She is passionate about all things creative and soulful and loves bringing her interior design colour expertise into her paintings to create beautiful, fresh and uplifting artwork. Sacha paints from her art studio at Currumbin and predominantly creates large scale contemporary abstract artworks that give her the greatest freedom of self-expression.
